2. The Plan covers repairs due to normal wear. Repairs for other reasons (including fire, water, abuse, freezing, lightning, lack of fuel or electricity, vandalism, tampering, acts of God or unusual operation) are not covered.
3. We may refuse service if conditions present a risk of harm to our personnel. Customer understands and acknowledges that McAllister's obligation to provide the goods and services called for in this Plan is specifically and expressly subject to any cause or causes beyond its control, including without limitation, acts of God, acts of any civil or military authority, war, riots, civil disturbances, terroristic acts, labor disputes, strikes or picketing regardless of targeted employer, accidents, explosion, fire, storm, flood, earthquake, delays in receipt of materials, or order of any governmental agency. McAllister's decision not to provide the goods and services as a result of, or which is related to, any of the foregoing reasons shall not be considered a breach of this agreement.
4. The Plan is not a guarantee against equipment failure. We will assume no liability for the loss or impairment of use of the property or premises or any other consequential damage.
5. You must use normal care in operating the equipment including: making sure there is water in the boiler, flushing the low water cut-off, checking switches and fuses, and arranging regular inspections during periods of absence.
6. The Plan is not refundable, but it may be transferred to a new owner/occupant.
7. The plan will be void if you obtain service or heating oil from others, refuse repairs needed for safe operation, attach incompatible devices to the system or fail to comply with our credit terms. We may limit or refuse coverage of oil units if you refuse automatic fuel delivery.
8. Loyalty Credits are accumulated only in consecutive years and may only be applied to replacement of the equipment currently under coverage.
